

YORK CHILDCARE LTD MISSION STATEMENT

York Childcare provides quality childcare in York

Our objectives as an organisation are to provide quality and affordable childcare for children from 6 weeks to 16 years, and in particular to support lone parents and those on low income. We achieve this both with the provision of nursery care and the work on establishing and supporting Out of School Clubs.

As a policy we do not seek to means-test the users of the nurseries. Consequently, we offer assisted places to parents who are in receipt of certain State Benefits. As State Benefits change we review and update our lists to ensure that as wide a group as possible are entitled to assistance with fees.
